Dear Mr. Smith:

The Washington Utilities and Transportation Commission (Commission) has received the above general rate case. To help Staff understand this filing, please provide the items listed below. Additionally, please provide this by electronic format compatible with Excel software.

1. In reviewing of the responses to previous data requests, staff requests a copy of each invoice for services that total more than \$1,000. Please sort these invoices according to one of the following categories:
 - a. Well 17 consultant,
 - b. Well 17 drilling,
 - c. Legal,
 - d. Legal through – (time period),
 - e. Initial Site Characterization,
 - f. Additional Investigation and
 - g. Technical Support.
2. For each invoice provided, please provide a description of service performed if not shown on the invoice.
3. For each invoice provided, please provide a summary or rationale of why the company characterized each invoice to the various basic descriptions shown above.

Data requests responses, discussions, analysis, and negotiations need to be completed soon to allow staff to prepare materials for presentation to the Commission. Currently, due to the formal processing of the filing please provide this information as soon as the company can assemble it. If you have any questions, please contact me at jward@wutc.wa.gov or (360) 664-1250.

Sincerely,

Jim Ward
